ALTERING CASING ☐
PLUG AND ABANDONMENT ☐

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1708.

Pulled the three strings of tubing, triple and dual packers and circulating sleeve from well. Removed circulating sleeve, modified the triple packer and reran all triple production equipment. Penn zone tubing string hydrotested with 5000# pressure and conducted packer leakage test which indicated no communications between zones. Work commenced November 23, 1964 and completed January 25, 1965.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
