PLUG AND ABANDON <input type="checkbox"/> CHANGE PLANS <input type="checkbox"/>	ALTERING CASING <input type="checkbox"/> PLUG AND ABANDONMENT <input type="checkbox"/> Shut-in Wolfcamp <input checked="" type="checkbox"/>

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1703.

- ① On approximately March 15, 1985, the Wolfcamp formation was shut-in with a retrievable bridge plug.
- ② This procedure was done in order to isolate the Abo perms for testing
- ③ The Abo was tested in order to determine the origin of oil production.
- ④ The Abo was found to be the only productive formation so the Wolfcamp has remained shut-in and this well has ceased to be down hole commingled.
- ⑤ On June 26, 1985, Conoco Inc. received approval of its C-103 to recomplete to the Glorietta. This work is still pending.
- ⑥ This C-103 is response to Melba Carpenter's request on 10-17-85.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
