Re: Extension of TA Status  
E.O. Carson #10-F 33-21-37  
State O #2-L 33-17-35

Gentlemen:

We are returning the C-103 submitted May 9, 1988, requesting the extension of TA Status for the above-referenced wells. The District has already granted the "one-year" extension which it is allowed to authorize for both these wells.

Under our current policy, any further extension of TA Status must be approved by our Santa Fe office. At this time the Division is taking no action of granting further extensions. Therefore, it will not be necessary to submit a C-103 requesting further extension of TA Status after you have received the "one-year extension" which the District is authorized to give.

When the Division's position on TA'd wells is changed, you will be notified.

Very truly yours,

OIL CONSERVATION DIVISION
