Re: Mescalero Ridge Unit 35 #10
Unit P, Sec 35-19S-34E
Lea County, New Mexico
Recompletion to Pearl Seven Rivers

Dear Sir:

ARCO Oil and Gas Company respectfully requests a testing allowable of 500 bbls oil during the month of March, 1984 for the above referenced well.

Currently an application for Administrative Approval has been filed for permission to surface commingle the above well with existing Pearl Queen oil production on the same lease. Pending the approval of the commingling, please assign an allowable so we may continue to produce the well. No flaring of gas will occur since your earlier verbal approval to connect casinghead gas for sales was accomplished on January 25, 1984. Forms 9-331, 9-330 and C-104 have been submitted for approval. Your consideration and approval will be appreciated.

Respectfully yours,

D. L. Shackelford
Engrg. Tech. Spec.
