Dear Sir:

ARCO Oil and Gas Company respectfully requests testing allowable for the Mescalero Ridge Unit 35 well no. 10 in the amount of 1000 bbls oil during the month of February, 1984. The well is located in Unit letter P, Section 35-19S-34E, Lea County.

The recompletion attempt was to the Seven Rivers formation 3878-3993'. On 24 hour test 1/23/84 pumped 23 BO, 14 BW and 45 MCFG. A second testing allowable is needed to obtain production volumes in order to qualify the Seven Rivers formation to be approved by OCD for surface commingling with the present Pearl Queen zone.
