| | <input type="checkbox"/> Water Shut Off |
| | <input type="checkbox"/> Conversion to Injection |
| | <input type="checkbox"/> Dispose Water |

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

I have contacted my Midland office and they are going to contact Mewborne in the next few weeks to see if they would be interested to take this well bore for their Queen Waterflood. Therefore, we are seeking approval for the continuation of T.A. status for this well; it would become a Queen producer if Mewborne accepts this well.

If Mewborne does not want the well bore, we will P&A this well when negotiations are finished. A casing integrity test will be ran in the next 2 weeks and your office will be notified before the test so you can witness.

14. I hereby certify that the foregoing is true and correct
