Re: Findings #11 and 12 of Division Order R-10151

Dear Mr. Mayes:

I have reviewed the information you have submitted regarding cement coverage on the Anadarko Petroleum Company Cavalcade Federal Well No. 3 located in Section 21, Township 18 South, Range 32 East.

The bond log run in November, 1990, confirms cement coverage above and below the Queen formation.

No further action is required, and the Cavalcade Well No. 4 may be used for injection purposes as long as the stipulations outlined in Division Order R-9270, the continued producing of the Federal "Q" Well No. 4, is in effect.

Very truly yours

OIL CONSERVATION DIVISION
