7.01 MOBIL OIL CORPORATION  
PROPOSED APPLICATION FOR MULTIPLE  
COMPLETION - BRIDGES STATE WELL #116  
LEA COUNTY, NEW MEXICO

Gentlemen:

Under the provisions of Rule 112-A Mobil Oil Corporation was granted permission to triply complete our Bridges State Well No. 116, located in Unit L of Section 24, Township 17 South, Range 34 East, N24M, Lea County, New Mexico.

Administrative Order No. MC-1725, dated August 10, 1966, authorized the triple completion, in such a manner as to produce oil from the Vacuum-Glorieta Pool, the Vacuum-Wolfcamp Pool and the Vacuum-Upper Pennsylvanian Pool.

The Vacuum-Glorieta Pool and the Vacuum-Upper Penn. Pool were found non-productive of oil and we are, for that reason, enclosing an original and one copy of Form C-107, requesting administrative approval to dually complete this well in the Vacuum-Wolfcamp Pool and the North Vacuum-Abo Pool. We are also enclosing a diagrammatic sketch, location plat and electric logs with tops and bottoms of producing zones and intervals of perforations indicated thereon.

Yours very truly,
