7.01 MOBIL OIL CORPORATION
REQUEST FOR MULTIPLE COMPLETION
BRIDGES STATE WELL #116
LEA COUNTY, NEW MEXICO

Gentlemen:

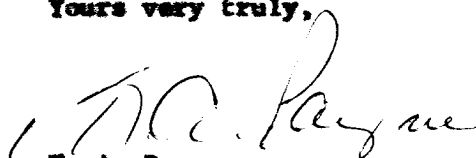

Enclosed is an original and one copy of Form C-107, diagrammatic sketch, and two copies of a location plat. These documents represent Mobil's application for Multiple Completion of our Bridges State No. 116. This well is situated in Unit L, Section 24, Township 17-S, Range 34-E, Lea County, New Mexico.

Since there are no offset operators to the lease on which this well is located, no notifications were prepared.

Electrical logs with tops and bottoms of producing zones and intervals of perforation will be forwarded to Santa Fe and Hobbs offices as soon as logs are run.

We are also enclosing one copy of Administrative Order No. MC-1716 representing NMOC approval of our Bridges State Well No. 109. Approval was granted in the same zones for which this application is made.

Yours very truly,

T. A. Payne
General Accounting
