Gentlemen:

Rule 107 (d)(3) reads as follows:

"Tubing shall be set as near the bottom as practical and tubing perforations shall not be more than 250 feet above the top of the pay."

Inasmuch as you propose to set tubing to Wolfcamp and Upper Pennsylvanian formations in your State Bridges Well No. 116, 300 feet above the pay in each case, it will be necessary to file for an exception to the rule as provided in 107 (d) (4).

Very truly yours,

A. L. PORTER, Jr.
Secretary-Director
