13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Devon respectfully requests that additional time be granted, beyond the original thirty(30) day extension, to permanently plug and abandon the subject well due to the following time constraints:

1. Devon has not received full partner approval for the expense AFE's.
2. +/-30 days before plugging contractor can commence plugging operations.
3. Devon has recently entered into an agreement with a company to purchase various properties currently owned by Devon. The purchaser has subsequently expressed an interest in examining those wellbores currently scheduled for abandonment for any possible behind pipe potential/exploitation and would require additional time to complete those reviews.

It is therefore requested that an additional sixty(60) days be allotted before plugging operations commence.
