RE: GETTY "BG", #1
UNIT K, S12, T19S, R34E

Gentlemen:

A recent inspection was made on the above referenced plugged well site, by an OCD representative, in an attempt to release the location.

Prior to this release, the following work needs to be done.

1. Corner fence posts need to be removed from location.
2. Remove tank from location.
3. Remove electrical box from location.

After these procedures have been done please indicate so by signing the bottom portion of this letter and return it to our office.

Very truly yours,

JERRY SEXTON
District I Supervisor
