Re: Dorchester Exploration, Inc.
Henry Record #1
Unit I 1980' FSL & 660' FEL
Sec. 26, 19-S, 35-E,
Lea County, New Mexico

Gentlemen:

We have an approved permit to drill the above well,
however the permit expires July 17, 1974.

We have a committment from Moranco to drill this
prospect, but it will be around August 15, 1974 before a
rig is available.

We are requesting an extension to cover this period
of time.

Yours very truly,

D. E. Nix
