17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

We request a renewal and extension of our permit to drill the above captioned well. Permit to drill was originally approved September 26, 1974, and further extended to March 1, 1975. An additional 60 day extension was granted on April 14, 1975, and we still do not have a rig on location. We therefore request an additional 90 day extension beyond this latest extension expiring June 13, 1975.

18. I hereby certify that the foregoing is true and correct
