17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details and give pertinent dates, including estimated date of starting and proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

In view of shortage of available rigs to drill the shallow San Andres well, we request that our drilling permit be extended to March 1, 1975. To the best of knowledge at present, a rig should be available by January 15, 1975. This well permit was dated September 25, 1974, and the above requested extension would be for 66 days.
