17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

4/2/81 We would like to request that the above well previously reported as the Young Deep Unit #5, located in Section 10, T-18S, R-32E, 1980' FEL & 660' FNL, Lea County, N.M., have its name changed to the Young Deep Unit #6. The reason being that we have decided to drill another well within the Young Deep Unit prior to the above well; therefore, we would like to name our new location the Young Deep Unit #5 which will be located in Section 3, T-18S, R-32E, 1980' FEL & 660' FSL, Lea County, N.M.
