Gentlemen:

Attached is the subject form for the captioned well. The original intention to plug was approved by you on April 11, 1994. We later requested that the application to plug be canceled which you did on June 14, 1994. The well at that time became a very marginally profitable producer. However, the low price of oil the past six months has rendered the well uneconomical. Therefore we are requesting that the request to plug the subject well be once again approved.

Please call me at 915-687-1777 if you have any questions.

Yours truly,

Jimmy Davis, Jr.
Operations Superintendent
