

This form is to be filed with the appropriate District Office of the Division not later than 20 days after the completion of any newly-drilled or re-drilled well. It shall be accompanied by one copy of all electrical and radioactivity logs taken in the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depth shall also be reported. For multiple completions, Items 30 through 34 shall be reported for each zone. The form is to be filed in quintuplicate except on state land, where six copies are required. See Rule 1125.
