

This form is to be filed with the appropriate District Office of the Commission not later than 20 days after the completion of any newly-drilled, completed well. It shall be accompanied by one copy of all electrical and radioactivity logs run on the well, and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured by tape. In the case of directionally drilled wells, true vertical for the shaft also be reported. For multiple completions, Items 21 through 34 shall be reported for each zone. The form is to be filed in quantity except on state land, where six copies are required. See Rule 1175.
