

INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Division not later than 26 days after the completion of any newly-drilled or re-opened well. It must be accompanied by one copy of all electrical and resistivity logs run on the well and a summary of oil-speed of tests conducted, including drill stem tests. All depths reported shall be measured depth; in the case of directionally drilled wells, true vertical depth shall also be reported. For multiple completions, Zones 30 through 34 must be reported for each zone. The form is to be filed in quintuplicate except on State land, where six copies are required. See Rule 1465.
