Re: Surface Commingling
Mescalero Ridge Wells Nos. 1 & 5
Scharb Bone Spring Pool

Dear Mr. Tate:

On May 3, 1984, this office approved Form C-104 authorizing temporary commingling for the subject wells pending formal approval from our Santa Fe office. However, since an objection to the commingling has been submitted by one of the royalty owners, this temporary commingling authority is hereby rescinded.

Until such time as this matter is resolved after hearing, the production from the two wells must be stored separately.

Yours very truly,

OIL CONSERVATION DIVISION
