Gentlemen:

In response to your correspondence dated 10-15-88, 3-28-89 and 1-10-91, please find enclosed the information available to me concerning the above referenced well. Please note that a complete set of open hole logs are unavailable after an exhaustive search of Marathon Oil Company/TXO Production Corporation well files. Also, after discussion with Ms. Carol Jones of Welex's drafting department, it was noted that Welex, who had done the open hole logging, does not retain log films normally and had not in this instance. It is my sincere hope the information enclosed will suffice.

If I may be of further assistance in this matter, please feel free to contact me at (915) 682-1626.

Yours truly,
