Re-entry

Gentlemen:

The above-referenced well location has been inspected and is ready to be released; however, before we can release the well you will need to file the following:

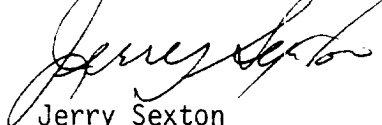

- 1) Form C-105 -- Well Record on Re-entry
- 2) Deviation Survey - or directional survey on deepening
- 3) One complete set of logs

As soon as these items are received the location will be released.

This is our third request for this information and your cooperation in this matter will be greatly appreciated.

Very truly yours,
