This request is necessary, as required by the South Shoebar-Upper Pennsylvanian Pool Field Rules, due to the well being more than 150 feet of the center of a governmental quarter-quarter section.

The following items are being submitted, in triplicate, in support of this request:

1. Form C-101 - Application for Permit to Drill, Deepen or Plug Back;
2. Form C-102 - Well location and acreage dedication plat;
3. Map showing Offset Operators;

A copy of this letter and attachments are being furnished to the Offset Operators by Certified Mail, as notice of this application.

The original well was drilled on a standard oil well location within a standard 40-acre oil spacing unit under the proposed Special Pool Rules; therefore, MEPUS requests that this unorthodox location be administratively approved.

If any additional information is needed, please contact Judy W. Dixon at (915)688-2452.
