Re: Application for Unorthodox Location
Marathon State No. 1
1300' FNL and 1980' FEL
Section 27, Township 17 South, Range 36 East,
Lea County, New Mexico

Dear Mr. LeMay:

Tom Schneider hereby requests approval of an unorthodox well location for the Marathon State No. 1 Well. The proposed location will be in the Grayburg San Andres formation at a point 1300 feet from the North line and 1980 feet from the East line, Section 27, Township 17 South, Range 36 East.

This unorthodox location will result from the reentry and recompletion of the Marathon State No. 1 (formerly the State V 1687 #1) that was originally drilled to the Morrow formation at an unorthodox location.

Marathon Oil Company is the operator of all tracts offsetting the spacing unit (NW/4 NE/4 of Section 29) for which the unorthodox location is sought. Attached hereto is Marathon's waiver of objection to the proposed unorthodox location.

Also enclosed are OCD form C-102 which shows the well location and dedicated acreage and a plat which identifies the ownership of the offsetting leases and the wells completed thereon.

Mr. Schneider is prepared to proceed with this reentry and requests that the Division expedite its consideration of this application.

Very truly yours,
