Re: Price Family Trust 11 Well #1
Unit I, Sec. 17, T17S, R37E

Gentlemen:

Your call advising that you would plug back and set plug above Wolfcamp and attempt to kick off in a southerly direction was received Saturday, February 17, 1989.

This letter will serve to advise that no production will be approved for this well until you have obtained approval from our Santa Fe office for the intentional directional drilling. Also, as I am sure you are aware, we require multi-shot surveys on directionally drilled wells.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
