Gentlemen:

Enclosed please find completed forms C-104, Request for Allowable and Authorization to Transport for the captioned wells.

For the Texaco Federal well, we are requesting an allowable with this completed C-104, and I have also enclosed a copy of the completion forms which have been sent to the BLM (for your information only). We are producing only the Wolfcamp zone in the Texaco Federal at this time, thus the application for multiple completion will follow later.

For the Bush State well, we have added the name of the purchaser of casinghead gas to the C-104 which was previously filed in your office.

If you have any questions regarding same, please do not hesitate to give me a call.
