RE: Lowell Federal #1-K
Sec. 15, T19S, R33E

Gentlemen:

For some reason the paperwork for the assignment of an allowable for the above-referenced well has not been filed. You filed a request for a test allowable but never did follow it up with a C-104 completely filled out requesting the assignment of an allowable. It is noted that the well is producing so please file this report immediately.

Also, this well was drilled by Chevron and plugged, then you re-entered it. Chevron failed to file a deviation survey. If you have this information please file it with us for our records.

Very truly yours,

OIL CONSERVATION DIVISION
