Re: Request for November 1992 test allowable
Crazy Horse 30 Federal #1
Sec. 30-19S-33E
Lea County, NM

Dear Sirs:

Attached is form C-104 for the above referenced well. On September 24, 1992, a CIBP was set @ 8950' w/35' cement on top, isolating the Bone Springs zone. On that same date, we began completion operations on the Delaware zone. We are, therefore, requesting a November 1992 test allowable so we can clear out our tank storage and finalize our testing of this new zone.

Thank you for your cooperation in this matter. If any questions arise, feel free to contact me.

Sincerely,

Charlotte Van Valkenburg
Technical Coordinator
