Sec 12 T-17-S R-38-E

Mr. Sexton:

Approval is hereby requested to obtain an exception to Rule 202 Section A pertaining to the setting of a marker to extend at least four feet above mean ground level.

The referenced well is situated in cultivated land and this request is in behalf of Mr. Joe Tarbet, who farms the land and he would like to be able to flow over the actual well site.

Thank you for your prompt attention to this matter. If you have any questions or require additional information, please advise.

Yours very truly,
