COMMENCE DRILLING OPNS. ☐ PLUG AND ABANDONMENT ☐
CASING TEST AND CEMENT JOB ☐
OTHER: Put well on production ☒

12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The subject well was completed in the Atoka in August, 1997, but was shut-in after completion due to a lack of production and held for further evaluation. In May of this year, it was decided to try to produce the well, and on 5/13, a testing unit was rigged up and the well tested at 52 BOD x 1 BWD x 304 MCFD (5/14). The testing unit was rigged down and the well was shut back in while production facilities were constructed. The well was tied in to a GPM sales line and put on production on 7/1/98.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
