**Donna Pitzer:
Hobbs OCD**

Donna,

Texaco filed this permit in December, 1997 and let it expire in 1998 when it looked like we did not want to drill it. Texaco has decided to drill the State 'BA' #15 this year.

The original API Number was 30-025-34235 and property code #11096.

I didn't know whether this would assist you or not. Attached, please find our new permit application.

Thank you for all your excellent work.

Sincerely,

Phil
