**Guidelines for Off-Lease Measurement,
Storage, and Surface Commingling Approvals**

The following information must be included with any application to combine, store, or measure production off-lease:

1. A formal request (~~Sundry Notice Form 3160-5~~ or letter) for approval to combine, store, or measure production off-lease with an appropriate explanation and diagram(s) describing the proposed operation in detail.
2. A map showing the lease numbers and location of all leases and wells that will contribute production to the proposed commingling, off-lease measurement, and/or storage facility. All lease numbers, unitized or communitized areas, producing zones or pools must be clearly illustrated or detailed by suitable means. Any wells or leases proposed to be added to an approved commingling and off-lease storage and or measurement facility must be approved by the Authorized Officer prior to their being included in the facility.
3. A schematic diagram which clearly identifies and places all equipment that will be utilized.
4. Estimated monthly production from each contributing well, including type of product, gravity, and/or BTU content.
5. Details of the proposed method for measuring and allocating production for each lease involved. Include calculated "beneficial use" volumes both on and off-lease.
6. A statement that all interest owners have been notified of the proposal.
7. Evidence that Federal or Indian royalties will not be reduced through approval of the application.
8. Detailed economic justification, when the application to combine production is based on economic necessity, i.e., that approval is necessary to extend the economic life of the Federal or Indian Lease(s).

Approval for combining production from various sources is a privilege which is granted to lessees for the purpose of aiding conservation and extending the economic life of leases. Applicants should be cognizant that failure to operate in accordance with the provisions outlined in the Authorized Officer's conditions of approval and/or subsequent stipulations or modifications will subject such approval to revocation.

Conoco Federal #1
Sec 17, T18S, R32E
Lea County, New Mexico

Attached to 3160-5 for approval of off lease gas sales.

1. Attached. Gas will be sold off lease. Sales meter will be located on the Anadarko Tyke Federal #1 pad located 1650' FSL & 660' FWL, Unit Letter L, Sec 17, T18S, R32E, Lease #NM-9017.
2. Attached as Exhibit "A". There is only one well, the Conoco Federal #1.
3. Attached as Exhibit "B".
4. Conoco Federal #1 - 400 MCFG/month - 1200 BTU's.
5. Measured by GPM's meter run. All gas allocated to Conoco Federal #1.
6. All WI owners have been notified.
7. All gas sold is federal. No other non-federal wells are in the system to reduce federal royalties.
8. Gas production is so small that the gas company will not lay sales line to the Conoco Federal #1. Manzano will be required to lay to them in order to sell gas.
