Husky Oil Company
P. O. Box 380
Cody, Wyoming
Attention: Mr. H. O. Bentley

Gentlemen:

Our records reflect that Husky Oil Company is the operator of the Weiner No. 1 located in Unit G of Section 16, T-20-S, R-32-E. In your letter of July 18, 1967 you report that the lease was cancelled by the Commissioner of Public Lands on July 29, 1962. In view of this, it would appear that the well should be plugged and abandoned at the earliest possible time, and since you are operator of record, it will be your responsibility to plug the well.

Please contact this office at your very earliest convenience and we will discuss a proper plugging program for the well.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
Supervisor, District 1

one of the most important factors in the development of the world's population is the increasing number of people who are living in the cities. This is due to a number of factors, including the fact that the cities are becoming more attractive than the countryside. One of the main reasons for this is the fact that the cities are becoming more developed and more modern. This is due to the fact that the cities are becoming more attractive to people who are looking for a better life. The cities are becoming more developed and more modern, and this is making them more attractive to people who are looking for a better life. The cities are becoming more developed and more modern, and this is making them more attractive to people who are looking for a better life.
