THE HISTORY OF THE CITY OF BOSTON

1790

1

The city of Boston, situated on a neck of land between the harbor and the bay, has a population of about 15,000 inhabitants. It is the largest city in New England, and is the seat of government for the Commonwealth of Massachusetts. The city is bounded on the north by the harbor, on the east by the bay, and on the south and west by the city of Roxbury. The city is divided into several wards, and is governed by a mayor and a city council. The city is the seat of the Supreme Court of the Commonwealth, and of the various branches of the State government. The city is also the seat of many of the most important educational and literary institutions of the State. The city is the center of the manufacturing and commercial life of New England, and is the largest port in the United States. The city is the seat of the most important religious and moral institutions of the State, and is the center of the intellectual and cultural life of New England.

The city of Boston has a long and illustrious history, and has been the seat of many of the most important events in the history of the United States. The city was founded in 1630, and has since that time been the center of the life of New England. The city has been the seat of the most important religious and moral institutions of the State, and has been the center of the intellectual and cultural life of New England. The city has been the seat of the most important educational and literary institutions of the State, and has been the center of the manufacturing and commercial life of New England. The city is the largest port in the United States, and is the center of the life of New England.
