

OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below.

THE HISTORY OF THE UNITED STATES

OF THE UNITED STATES OF AMERICA

BY JAMES M. SMITH

The history of the United States is a story of growth and development. It begins with the first settlers who came to the New World in search of a better life. They found a land of opportunity, but also a land of challenge. The early years were marked by struggle and hardship, but the spirit of the pioneers was unyielding. They built a nation from scratch, one that was based on the principles of liberty and justice for all. The story of the United States is a testament to the power of the human spirit and the ability of a people to overcome adversity.

The early years of the United States were a time of great change. The country was young and full of potential. The people were determined to build a nation that was different from the ones they had left behind. They wanted a government that would protect their rights and ensure their freedom. The story of the United States is a story of the people who made this dream a reality. They were the ones who fought for the principles of liberty and justice, and they were the ones who built the nation that we know today.
