DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Size	Weight	Proposed Amount	Casing Program
8-5/8"	24#	1600'	To be cemented with sufficient amt. to bring the cement to the surface.
5 1/2"	14#	3500'	To be cemented back with 150% of the calculated amt. to bring the cement above the base of the salt.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
