Gentlemen:

Thanks, for touching base with me about the need for additional repair work or plugging of the above-referenced well after my March 31, 1986, letter concerning this.

However, I feel you have had ample time to evaluate the well and decide what course of action you plan to pursue. Please have some one from your firm call or come by and discuss with me your discision and work out a time to commence the work. I feel further delay is unwarranted.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
