Gentlemen:

This is to advise that C. W. Trainer has contacted Texaco Inc., the surface owner, concerning surface restoration after completion of re-entry and completion operations at well No. 1 Lynch, located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 35, T.20 S., R.34 E., Lea County, New Mexico, lease NM-55156.

Work to be done after completion of re-entry operations is as follows:

If the well is completed for production, the well location will be cleaned up and the drilling pits will be filled as they are dry.

If the well is plugged and abandoned, all pits will be filled and levelled, the location will be cleaned up, and the well pad and access road will be left in place.

Sincerely,

Arthur R. Brown, Agent for
C. W. TRAINER
