Re: Proposed Location
State "M" #1

Mr. Roy Yarbrough
New Mexico Oil Conservation Commission
Hobbs, New Mexico

Dear Sir:

Please refer to our Form C-101 "Notice of Intention to Drill," on State "M" No. 1, dated May 13, 1944, and approved by your office on May 17, 1944.

We are attaching Form C-101 which will supercede the above report. As evidenced by this second report, the location of State "M" No. 1 will be changed to NW/4 NW/4 Section 32, T-19-S, R-36-E.

We will appreciate your early consideration of this change in location, and approval of same.

Yours very truly,

STANOLIND OIL & GAS COMPANY
