Re: Record #2-G, Sec. 35, T19S, R35E

Gentlemen:

We have been advised that you have disposed of water into the above referenced well. The disposal of water had been discontinued at the time we were advised of the situation.

We do not find a record of an application nor an order authorizing this well for use as a salt water disposal well.

We request that you refrain from resuming the disposing of water in this facility.

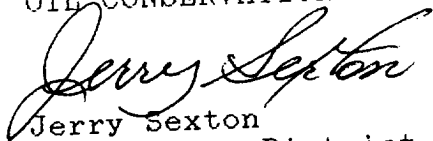

If you wish to convert and use the well for disposal purposes, you will need to submit a C-108, requesting a permit to be issued authorizing disposal. We are enclosing a copy of the application and attachments.

If you choose to submit the application, the original is to be sent to the OCD office at Santa Fe, P.O. Box 2088, Santa Fe, NM 87504-2088, with a copy to this office.

If you have any questions, or if the information we have received is incorrect, please feel free to call.

Very truly yours

OIL CONSERVATION DIVISION
