File: 40-A-1742

Dear Sir:

Reference is made to your letter of March 18 concerning the sale of oil-well gas from Well #1 on the above captioned lease.

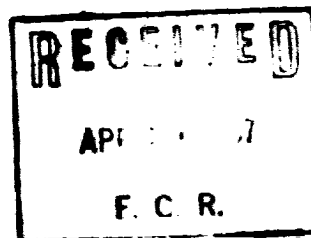

We have contacted both Warren Petroleum Corporation and Phillips Petroleum Company in regard to the sale of this gas and each of these companies have advised that their oil-well gas gathering system is some three to four miles distance from this well and that the volume of gas available for sale is not sufficient to warrant extending their gathering system. Enclosed please find copy of letter from Phillips Petroleum Company dated April 1, 1957, the first paragraph of which refers to this lease.

If our local field personnel have knowledge of any local market for this gas we would be glad to be so advised.

Very truly yours,

S. J. Fraser
