

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF		REPORT ON DEEPENING WELL

Company or OperatorAddress Fort Worth, Texas

Remarks: Inasmuch as the plugging permission in the matter stated above was granted in the early days of the Commission by a duly authorized inspector of the Commission, the approval herein is granted for the purpose of releasing the bond inasmuch as the work was performed immediately following the permission. This approval is conditioned, however, as follows; if the manner of plugging in the future should prove to be unsatisfactory, the Emperor Oil Company will proceed to plug the well in order to prevent waste.
