Re: Reclassification of Well -- Eumont Pool
M. E. Gaither #1-I Sec. 34, T19S, R36E

Gentlemen:

Due to the recently submitted gas/oil ratio test for the above-referenced well, it will be reclassified from a gas well to an oil well in the Eumont Pool effective July 1, 1990, and the gas allowable cancelled effective that date.

If for some reason you feel this test does not properly reflect the classification of this well, please submit another test for our consideration by May 7, 1990.

If the well is to be reclassified to oil, please furnish this office with a revised acreage dedication plat, Form C-102, outlining the 40 acres dedicated to the oil well completion. Also, if the gas transporter changes due to this reclassification, please submit C-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION
