RE: Reclassification of Well
M.E. Gaither #1
Unit I, Sec. 34, T19, R36
Eumont Yates Sr-QN Pool

Gentlemen:

Due to the recently submitted scheduled Gas-Oil Ratio Test the above-referenced well will be reclassified from gas to oil effective July 1, 1993, and the gas allowable cancelled on that date.

The Operator's Production (c-115) report for January & February indicated this well is gas. So you may wish to submit a retest on this well by May 10, 1993.

If the well is to be reclassified from gas to oil you will need to file the following:

- 1.) Revised From C-102, acreage dedication plat, outlining 40 acres for this oil well completion.
- 2.) C-104 showing reclassification from gas to oil effective July 1, 1993 and changing the transporter to oil & casinghead gas.

If you have questions concerning the above, please contact Evelyn or Donna at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION
