Box 522,

Dear Sir:

Please refer to our notice of intention to drill our No. E-3 State well, sent to you with our letter dated November 26, 1935. You will note in the second sentence following our casing program, that we stated that the first productive oil or gas sand should occur at a depth of 3574'. This is in error and the depth should be 3810'. Will you please make this correction on all of your copies?

Very truly yours,

THE TEXAS COMPANY
