

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF	X	REPORT ON DEEPENING WELL

County.

The dates of this work were as follows:

Notice of intention to do the work was (was not) submitted on Form C-102 on May 5, 1936 19
and approval of the proposed plan was (was not) obtained. (Cross out incorrect words.)

DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED

8-5/8" 28# 8-thd. New Electric welded casing was set in this well at 2372' and cemented by the Halliburton method with 500 sacks of cement.

Casing and fittings were tested with 1200# pump pressure and allowed to stand undisturbed for thirty minutes. No drop in pressure resulted. Cement plug was then drilled out of casing and the same test again applied. No drop in pressure resulted so drilling was then resumed.

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track every aspect of their operations, from procurement to sales.

2. The second section addresses the challenges faced by organizations in managing their data. It highlights the increasing volume of information generated by modern businesses and the difficulty of ensuring its integrity and security. The author argues that investing in advanced data management technologies is crucial for overcoming these challenges and maintaining a competitive edge.

3. The third part of the document focuses on the role of leadership in driving organizational success. It stresses that effective leaders must be able to inspire and motivate their teams, set clear goals, and make strategic decisions. The text provides several examples of successful leaders and their approaches, offering valuable insights for aspiring managers.

4. The fourth section discusses the importance of innovation in a rapidly changing market. It argues that organizations must continuously seek new ways to improve their products and services, and that this requires a culture of experimentation and risk-taking. The author suggests that fostering innovation is not just a matter of strategy but also of mindset.

5. The fifth part of the document explores the impact of globalization on business operations. It notes that companies now have to navigate a complex web of international regulations and cultural differences. The text offers advice on how to effectively manage global teams and expand into new markets, emphasizing the need for flexibility and adaptability.

6. The sixth section deals with the issue of sustainability and its growing importance to stakeholders. It argues that organizations have a responsibility to address environmental and social concerns, and that this can be done in a way that also benefits the bottom line. The author provides a framework for developing sustainable business practices and measuring their impact.

7. The seventh part of the document discusses the role of technology in transforming business processes. It highlights the potential of artificial intelligence, automation, and cloud computing to streamline operations and reduce costs. However, it also warns of the risks associated with over-reliance on technology and the need for human oversight.

8. The eighth section focuses on the importance of customer relationships in driving long-term success. It argues that understanding and responding to customer needs is key to building loyalty and increasing sales. The text suggests various strategies for enhancing customer engagement and satisfaction, such as personalized marketing and excellent service.

9. The ninth part of the document discusses the challenges of talent management in a competitive labor market. It notes that organizations must attract, develop, and retain top talent to stay successful. The author offers practical advice on how to create a positive work environment, provide opportunities for growth, and effectively manage performance.

10. The final section of the document provides a summary of the key points discussed and offers some concluding thoughts. It reiterates the importance of a holistic approach to business management, one that considers all aspects of the organization and its interactions with the external world. The author ends with a call to action, encouraging readers to apply the lessons learned to their own organizations.
