Re:
Proposed NSP 290
Proposed NSL

Gentlemen:

I have examined the application dated 6/12/56
for the Continental Oil Co. Reed A-3 #3 3-20-36
Operator Lease and Well No. S-T-R

and my recommendations are as follows:

O.K.---C.R.

Queen Gas Pay. The Moss well on the unit has Queen & Grayburg as open hole.

All of the wells in the West half are top allowable, low ratio Queen oil wells.

The W/2 SE/4 is probably oil bearing in the Queen. This well will probably
start making oil.---R.F.M.

Yours very truly,

OIL CONSERVATION COMMISSION

Engineer
