Gentlemen:

Under the provisions of Commission Order No. R-520 your Reed A-3 Well No. 15-J in Section 3, T-20-S, R-36-E, and Skaggs B-12 No. 2-D in Section 12, T-20-S, R-37-E, both of which are in the Eumont Pool, are hereby reclassified as Eumont gas wells on the basis of the latest gas-oil ratio tests.

These wells are to be shut in and will remain shut in until Commission Forms C-128 indicating dedicated acreage have been filed with this office. Also, in the event that less than 640 acres is to be dedicated to each of these wells, it will be necessary that you obtain Non-Standard Proration Unit Orders from the Commission.

Yours very truly,

OIL CONSERVATION COMMISSION
