

CONTINENTAL OIL COMPANY

Roswell, New Mexico
February 6, 1958

New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Attention: Mr. A. L. Porter, Jr., Secretary-Director

In the matter of the application of Continental Oil Company for the re-assignment of the non-standard gas proration unit presently allocated to its Sanderson A-11 Well No. 1 to its Sanderson A-11 Well No. 4; said unit consisting of SE/4 and S/2 of SW/4 of Section 11, T-20-S, R-36-E, NMPM, Lea County, New Mexico.

Comes now Continental Oil Company, a Delaware corporation, hereinafter referred to as "Applicant", and petitions the Commission for the reassignment of the non-standard gas proration unit in the Eumont Gas Pool presently assigned to its Sanderson A-11 Well No. 1 to its Sanderson A-11 Well No. 4, said unit consisting of the SE/4 and the S/2 of the SW/4 of Section 11, T-20-S, R-36-E, NMPM, Lea County, New Mexico, and in support thereof would show:

1. That applicant is the operator of a lease designated as the Sanderson A-11 lease consisting of the SE/4 and the S/2 of the SW/4 of Section 11, T-20-S, R-36-E, NMPM, Lea County, New Mexico.
2. That said lease is presently designated as a 240-acre non-standard gas proration unit under Order No. R-990 and is allocated to the applicant's Sanderson A-11 Well No. 1.
3. That the Sanderson A-11 Well No. 1 is a bradenhead gas well and because of loading with water, is incapable of producing its allowable. Remedial work on the Sanderson A-11 No. 1 is not feasible and the gas zone is to be shut in upon the reassignment requested hereby.
4. That applicant dual completed its Sanderson A-11 Well No. 4, located 990' from the South line and 1650' from the East line of said Section 11, for oil production from the Monument Oil Pool and gas production from the Eumont Gas Pool.
5. That the Sanderson A-11 Well No. 4 is capable of producing the allowable for a 240-acre non-standard gas proration unit in the Eumont Gas Pool.
